Subject: Check In

Hi Mike,

I just wanted to check in with you regarding the status of the CFAC clean-up and see if there is an opportunity to contract out field safety support services when work takes place. I worked at CFAC before becoming a safety manager down here with Chevron, so I have good familiarity with the area and the risks imposed at the site.

Hope you are enjoying your summer up there! I just spent a little under 2 weeks back home in Columbia Falls and it kills me bit by bit to have to leave there. If you get a chance, check out Bowman Lake over by Polebridge, it is amazing!

Take care Mike!
